

Review Board 2.23 „Neurosciences“

2024 – 2028 Membership Period

Internal Section for the evaluation of proposals to the Emmy Noether and Heisenberg Programmes

The internal section of Review Board 2.23 evaluates proposals to the Emmy Noether and Heisenberg Programme from all subjects covered by the review board. Due to the size of the review board and the large number of proposals, Review Board 2.23 cannot evaluate all proposals in its plenary session.

Proposals to the Emmy Noether and Heisenberg Programmes are evaluated at meetings of a separate section of the review board. This is an interdisciplinary section, i.e. the sections are staffed in such a way that expertise from all review board subjects is represented in each section. Other members of the review board may also be called upon if required by the subject-specific orientation of the proposal.

Section spokesperson:

Prof. Dr. Dr. Ghazaleh Tabatabai, Tübingen

| Subject no. | Subject | Name | First name | Location |
|-------------|--|----------|------------|------------|
| 2.23-04 | Cognitive, Systems and Behavioural Neurobiology | Bartos | Marlene | Freiburg |
| 2.23-03 | Experimental and Theoretical Network Neuroscience | Beck | Heinz | Bonn |
| 2.23-01 | Developmental Neurobiology | Bradke | Frank | Bonn |
| 2.23-10 | Clinical Psychiatry, Psychotherapy, Child and Adolescent Psychiatry | De Zwaan | Martina | Hannover |
| 2.23-02 | Molecular Biology and Physiology of Neurons and Glial Cells | Dimou | Leda | Ulm |
| 2.23-03 | Experimental and Theoretical Network Neuroscience | Egger | Veronica | Regensburg |
| 2.23-05 | Experimental Models for the Understanding of Nervous System Diseases | Endres | Matthias | Berlin |
| 2.23-08 | Human Cognitive and Systems Neuroscience | Flöel | Agnes | Greifswald |
| 2.23-06 | Molecular and Cellular Neurology and Neuropathology | Geis | Christian | Jena |

| Subject no. | Subject | Name | First name | Location |
|-------------|--|--------------------|------------|-----------|
| 2.23-09 | Biological Psychiatry | Jessen | Frank | Köln |
| 2.23-05 | Experimental Models for the Understanding of Nervous System Diseases | Köhling | Rüdiger | Rostock |
| 2.23-04 | Cognitive, Systems and Behavioural Neurobiology | Manahan-Vaughan | Denise | Bochum |
| 2.23-08 | Human Cognitive and Systems Neuroscience | Obleser | Jonas | Lübeck |
| 2.23-03 | Experimental and Theoretical Network Neuroscience | Rotter | Stefan | Freiburg |
| 2.23-06 | Molecular and Cellular Neurology and Neuropathology | Stadelmann-Nessler | Christine | Göttingen |
| 2.23-07 | Clinical Neurology; Neurosurgery and Neuroradiology | Tabatabai | Ghazaleh | Tübingen |
